

**Biology Enrichment:** Interesting things to do in this area (send me an email of any other favorite Biology related activities):

- Go out tide pooling –on a low tide (half moon bay has a great area with volunteers that help you find interesting things)
- Just go to the beach, look for shells
- UCSC Seymour Center (formerly known as Long marine lab)  
<http://www2.ucsc.edu/seymourcenter/>
- Monterey Bay Aquarium
- Arboretum's at local universities –UC Berkeley, UC Santa Cruz
- Any national parks –including Pinnacles National Monument, Sequoia National Park, Yosemite, Mono Lake
- Hikes/Walks in Rancho San Antonio
- San Jose Tech museum

Have fun!
